# Message

Thank you for considering joining us for our annual charity golf tournament benefiting the Steve & Marjorie Harvey Foundation (SMHF).

At SMHF, our mission is to provide mentoring, educational enrichment, mental wellness support and life skills development that fosters leadership and success for underserved youth and their families. As Marjorie often says, "It takes a village to raise children, and the village is in trouble!" While we have poured our time, heart, and resources into these programs that we are both personally involved in, we know we cannot do it alone. That's why the Steve Harvey Charity Golf Tournament is so important.

The 2026 tournament will support our Mentoring Programs and the Annual Scholarship Fund. We bring together hundreds of youth for transformative experiences with mentors and industry leaders, forever impacting our participants' lives. This powerful work is made possible through your continued support.

We couldn't fulfill our mission without dedicated friends and partners like you. From the bottom of my heart, I thank you for your generosity and belief in our work.

# **THE Steve Harvey** **MENTORING** **PROGRAM** **for young men**

The Steve Harvey Mentoring Program for Young Men is an immersive, hands-on experience designed to instill the core principles of manhood and inspire young men to pursue their dreams. Hosted by Steve Harvey, the program offers a combination of team-building exercises and essential curriculum sessions covering topics such as STEM, job readiness, financial literacy, and health and wellness. Additionally, participants benefit from dynamic workshops led by accomplished leaders across various industries, empowering them with the skills and knowledge needed to succeed in life and business.

# Girls Who Rule the World™

## Mentoring Program

Girls Who Rule the World brings together girls from across the country. We believe that exposure is everything! Over the course of a transformative weekend, we introduce our participants to experiences they may not be exposed to in their communities. Our mission is to instill confidence in these young women and empower them to serve, innovate, and lead.

Throughout the program, our participants engage in a variety of workshops designed to foster their personal and professional development. These include sessions on health & wellness, physical fitness, financial literacy, college readiness, self-confidence and positive body image. They also have the opportunity to explore STEM fields, gain business acumen, and receive guidance on navigating relationships, both personal and professional.

We aim to inspire participants to keep dreaming, no matter what their current circumstances, demonstrating that with hard work, dedication, and determination, anything is possible.

# Scholarships

Over the past 10 years, the Steve & Marjorie Harvey Foundation has awarded over \$2 million in academic scholarships to college students. These scholarships have ranged from book expenses to full term support. Through this program, we have empowered hundreds of deserving young people with the resources they need to pursue their academic goals. We believe these scholarships help create a lasting legacy for families and future generations.
